

Is Alive

Diablo II: Lord of Destruction | Released 2015

summary articles reviews files videos images

'Is Alive' is a modification for Diablo 2: Lord of Destruction. There are new recipes, new monsters, new monster abilities, new locations, new quests, end-game dungeon and the most important - the game is much more difficult. No new character skills, no new acts, no new characters, no new uniques, no new sets, no new runewords. 'Is Alive' isn't a total conversion mod, and it never will be. The mod can be downloaded as D2SE modplugin. Extract the file and the folder 'IsAlive' just copy into 'MODS' folder in your Diablo 2 folder :) Enjoy :)

Superbosses

Very powerful monsters, bosses you can only find in this mod. Who are they?

Posted by @ZOMB_ on Sep 14th, 2015

Superbosses, very dangerous and wealthy monsters. They all have some things in common - they drop quest items, they drop gem scrolls, each of them has a forte and a weakness. They occupy levels, which are not often visited, places, you don't need to enter to complete the game. Let's take a look at them...
